

Internet and Computer Safety Agreement:

I understand that using the Internet at school is a privilege, not a right. I am allowed to use the internet and internet-connected devices at school as long as I uphold the following agreements:

1. Perseverance

- I will use my computer as a learning tool. I will stick to the websites that my teacher assigned, but not for music, games, or other sites.
- I will keep my device safe and be careful around computers. If I damage or destroy a computer, I'll be charged for the repairs or replacement.
- I will report damaged computers as soon as I see a problem.
- I won't use personal devices at school. My phone will be kept in my backpack while I'm in school. I can wear a watch unless I use it to text, call, or play games during class.

2. Empathy

- I will be kind. I will not view, post, or pass along embarrassing or negative information.
- I will be respectful. I won't call names or use inappropriate words.

3. Safety

- I will encourage others to follow the rules online. If I see someone doing something inappropriate, I will talk to an adult.
- I will keep passwords and personal information private (passwords, phone numbers, my school, and other information.)
- I will share my passwords with a parent or guardian and I'll talk to trusted people about what I'm doing online.
- I will only chat with people I know in real life.
